

Installing a Carver Replacement Canvas for Square-Tube Pontoon Frames

Zippers make it easy to remove canvas for cleaning and installing on your existing frame.

Please take extra care when unpacking and installing your Bimini Top canvas. Should you need to return the Bimini Top canvas, it **MUST** be in its original, new condition. The Bimini Top canvas must be clean and dry, and free of debris (including pet hair).

1. Unzip the canvas and place it around the A-bow at the light cut-out.
2. Begin closing the zipper. Slowly pull more canvas together until the zipper is completely closed around the top of the A-bow.
3. Proceed to the B-bow and repeat Step 2.
4. Proceed to the two center bows and repeat Step 2.
5. Center the canvas on the frame.

How to Prolong the Life of Your Bimini Top

- Avoid letting water or snow stand on the Bimini Top
- Always travel with the top in the stored position.
- Allow the Bimini Top to dry thoroughly before folding for storage.
