

# BOAT COVER FABRIC

At Carver, we use only the highest grade marine fabrics and components available. Years of extensive testing and our never-ending quest for new technology make our fabric offerings the finest available anywhere.

Carver offers only breathable fabrics for the well-being of your boat and its interior. Don't be fooled. Waterproof materials do not allow interior moisture to escape which promotes the growth of mold and mildew under the boat cover causing potential damage to your seating, flooring and instrumentation. Carver boat cover fabrics are treated with the latest technologies in water repellency in a range of Superior to Good, to keep your boat healthy and happy.

Our Premium 100% Solution Dyed Marine Acrylic 9.25 oz fabric utilizes either Sunbrella® or Outdura®. Both fabric brands are considered to be industry leading solutions for the marine industry with competitive quality, performance and value. Both are highly UV and mildew resistant, providing excellent resistance to fading and rot, excellent (top of the line) sun blockage, breathability, and water repellency. We reserve the right to provide either fabric due to Covid related fabric outages.

We also recommend light colors (\*) to best deflect the sun, keeping the interior of your boat as cool as possible.

Additional warranty information can be found at [www.CarverCovers.com](http://www.CarverCovers.com) in the Customer Care menu.
