

Installing a Carver Replacement Canvas for Square-Tube Pontoon Frames

Zippers make it easy to remove canvas for cleaning and installing on your existing frame.

Please take extra care when unpacking and installing your bimini top canvas. Should you need to return the bimini top canvas, it **MUST** be in its original new condition. The bimini top canvas must be clean and dry, and free of debris (including pet hair).

1. Unzip the canvas and place it around the A-bow at the light cut-out.
2. Begin closing the zipper. Slowly pull more canvas together until the zipper is completely closed around the top of the A-bow.
3. Proceed to the B-bow and repeat step 2.
4. Proceed to the two center bows and repeat step 2.
5. Center the canvas on the frame.
6. Adjust the corner straps inside the canvas to create a snug fit. Refer to illustration for threading sequence of adjuster straps.
7. Once all straps are adjusted and the canvas is satisfactorily centered on the frame, you may wish to trim off unneeded excess webbing from the straps. Take care to leave a few inches of excess webbing for ease of re-threading the buckles in the future. To fuse the loose yarns at the cut end of the webbing, lightly singe the cut edge with a lighter taking care not to ignite the strap. Check and tighten the straps regularly as normal vibrations from boating can cause them to loosen over time.

How To Prolong The Life of Your Bimini Top

Avoid letting water or snow stand on the bimini top.

Always travel with the top in the stored position.

Allow the bimini top to dry thoroughly before folding for storage.

Carver Warranty

The materials and workmanship in Carver products are guaranteed to be free of defects at time of manufacture. The length of the warranty is determined by the type of material ordered. Please visit our website, www.carvercovers.com for material choices and length of warranty for boat covers, PWC covers and bimini tops, or refer to the material list below.

Warranty coverage commences on the original date of consumer's purchase. The warranty does not cover normal wear, weather soiling, stains from environmental pollution and/or standing water, cuts from sharp objects, neglect, accident or misuse. The boat cover, PWC cover, bimini top or accessory must be properly installed, utilized and maintained. The warranty is non-transferrable.

If a defect is detected within 12 months of date of purchase, Carver Industries will repair or replace (at its discretion) the product free of charge. If a defect is detected after 12 months and up to 36 months from date of purchase for three-year warranties, and up to 60 months from date of purchase for five-year warranties, Carver will (at its discretion) repair the defect on a time and material cost basis or replace the product on a pro-rated basis.

Carver Industries, Inc. and/or seller provide this warranty in lieu of all other warranties, expressed or implied. Carver Industries, Inc. and/or seller disclaim all liability for special, incidental or consequential damages.

Some states/provinces do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of special, incidental or consequential damages, so these limitations and exclusions may not apply to you. This warranty gives you specific legal rights. You may also have other rights which vary from state/province to state/province.

Warranty Claims

Call before returning product to receive a Return Goods Authorization Number (RGA#), then send warranty claims to:
