

Installation Instructions

For Model 8WD1450/8WD1451

NOTE: Driver and Passenger Seats are Assembled

Items Provided:

2— 2" x 18" Hinges Used on Driver and Passenger Seat
16 —#10 Stainless Steel Sheet Metal Screws

DIRECTIONS:

Mark the flat area on the bottom front edge of seat after placing them in the boat.

Secure the flat hinges on the bottom of the seat by drilling a 1/8" pilot hole for the screws.

Insert #10 screws with PHILLIPS HEAD SCREW DRIVER.

Place seats in boat and mark the holes from the hinge where they will be secured to the boat.

Drill 1/8" pilot holes making sure the area is clear of fuel tanks and electrical lines.

Secure hinges with #10 screws with PHILLIPS HEAD SCREW DRIVER.

Installation Instructions

For Model 8WD1457

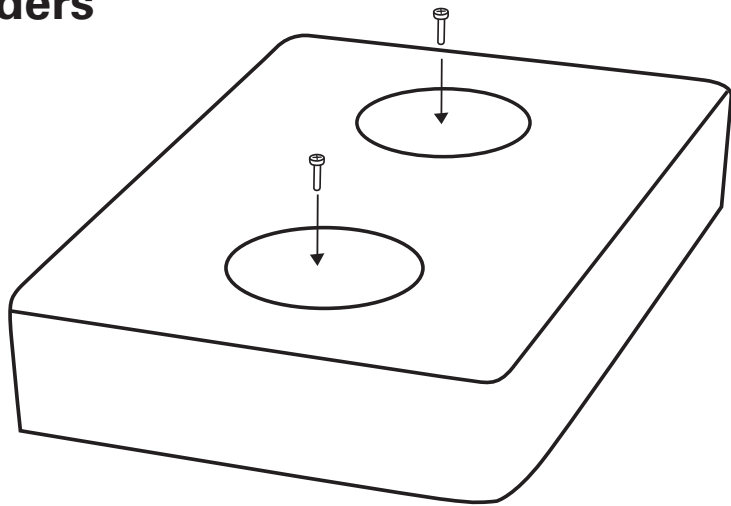

10" Center Step Pad

Tools needed: Power Drill and a Rubber Mallet

Items Provided:

2— XP5149 Wood Screws

2— XP3037-1 Cup Holders

DIRECTIONS:

Remove the two Cup Holders.

Position the Step Pad in the boat in the desired location.

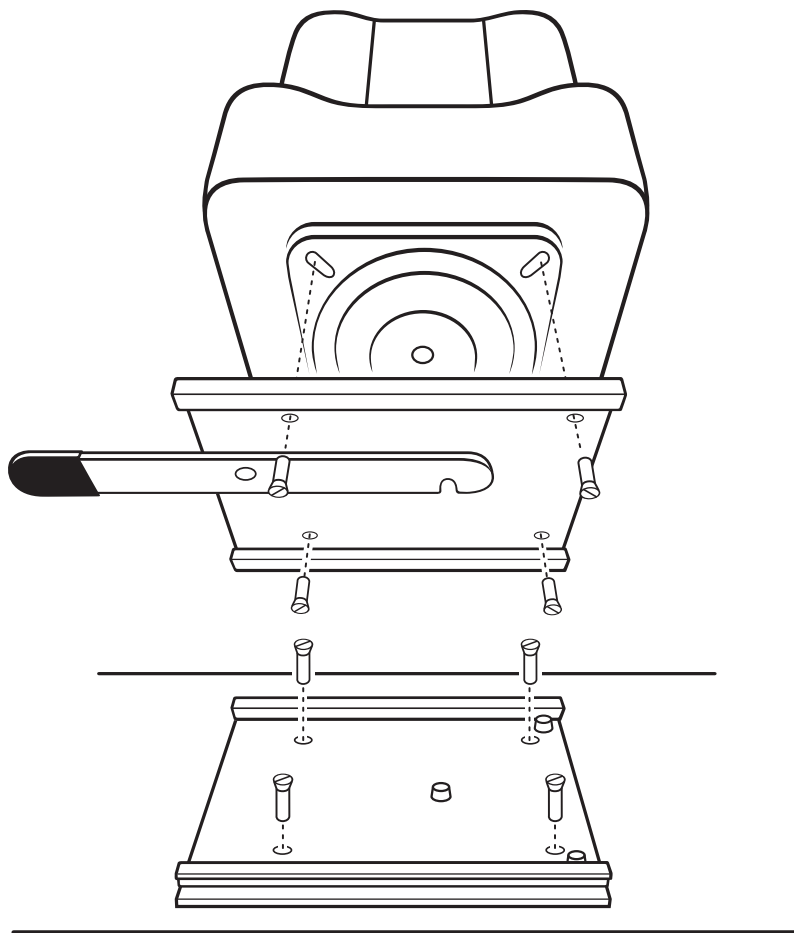

Drill 1/8" pilot holes in each of the cup holder locations.

Secure the Step Pad with the two Wood Screws using a PHILLIPS HEAD SCREW DRIVER.

Place the Cup Holders in the Step Pad using a Rubber Mallet to secure them in place.

WISE

8WD832 Quick-Release Seat Mount

IMPORTANT: Quick-Release Seat Mount must be positioned so release lever is to the side of the boat.

- 1 Remove existing boat seat.
- 2 Slide Seat Mount apart.
- 3 Attach bottom plate to boat with four 1/4" flathead screws (not included). For pedestal mounting use four 1/4" flat head bolts, nuts and lock washers.
- 4 Attach top plate to swivel on boat seat.
- 5 Slide mounting plates back together. Lever will snap into space.
